About **COMPANY**

Lucky Space is a company specializing in interior design and decoration services. We transform our clients' dream spaces into reality with modern innovative designs, high-quality materials, and experienced craftsmen.

We provide design and decoration services ranging from small apartments to large houses, offices, and commercial spaces, aiming to ensure complete customer satisfaction in every project.

Our **TEAM**

Our Team

Lucky Space has a dedicated team of over 30 professionals including experienced designers, engineers, and skilled craftsmen.

Design Team

Our designers continuously stay updated with modern design trends and possess the creativity to develop unique and beautiful designs that meet each client's specific requirements.

Engineering Team

Our experienced engineers supervise and manage projects to ensure smooth implementation of designs and compliance with quality standards.

Craftsmanship Team

With years of experience, our carpenters, painters, and electricians deliver meticulous workmanship and high-quality results in every project.

All our team members work together harmoniously with the primary goal of achieving maximum customer satisfaction in every project we undertake.

VISION

To become a leading interior design and decoration service provider in Myanmar, contributing to the enhancement of our clients' quality of life.

MISSION

- Creating customized designs based on clients' needs and style preferences
- Using high-quality materials and modern technologies
- Delivering quality work within specified timeframes
- Providing services at affordable prices
- Achieving maximum customer trust and satisfaction

OUR SERVICE

Interior Design: Creating 2D and 3D designs for Shrine rooms, living rooms, bedrooms, kitchens, dining rooms, and reception areas

- Custom Furniture: Manufacturing various furniture pieces according to clients' preferred designs (wardrobes, bookshelves, sofas, tables, beds)
- Office Design: Creating comfortable and productive office environments suitable for workplace needs
- Decoration: Wall painting, lighting installation, curtain fitting, and arranging decorative items
- Renovation: Refurbishing old buildings, partitioning spaces, and remodeling

Our **GOALS**

- Opening another branch in Yangon within the next 3 years
- Achieving 30% annual growth in customer base
- Continuously improving staff competencies to create international standard designs
- Enhancing services based on customer feedback and satisfaction

OUR PROJECT

Good design requires careful planning and thoughtful decision-making. Every project should balance functionality, aesthetics, and budget to achieve the best possible result. With proper coordination between client and consultant, challenges can be addressed early, ensuring a smooth construction process and a successful outcome

Future Plan

Within the next 5 years, Lucky Space aims to expand by opening branches in major cities of Myanmar including Mandalay and Nay Pyi Taw.

Additionally, we plan to create a website and mobile application to provide online design consultation services. We will continue striving to study international design techniques and combine them with traditional Myanmar artistry to create unique and distinctive designs.
